

OUR STORY AND WHY WE EXIST

STRONGER TOGETHER. BEYOND LIMITS.

OUR STORY

Moore Than Arthritis grew from lived experience and the recognition that people often need more than clinical information. They need to feel understood, included and able to take part without having to justify every barrier they face.

Founded by Wayne Moore, the organisation turns personal understanding into collective action. Its work is built around listening first, collaborating respectfully and creating resources and relationships that can improve real-world inclusion.

WHY WE EXIST

People living with arthritis and related conditions can encounter barriers that are physical, social, emotional and practical. Some are visible; many are not.

We exist to challenge assumptions, create more accessible opportunities, strengthen community connections and help organisations turn good intentions into informed action.

OUR BOUNDARY

Moore Than Arthritis provides general awareness and inclusion resources. We do not provide medical advice or act as a medical referral service.
