

OUR ETHOS, VALUES AND LIVED EXPERIENCE

STRONGER TOGETHER. BEYOND LIMITS.

OUR ETHOS AND VALUES

Lived experience matters. We listen to people affected by arthritis and related conditions and do not speak over them.

Inclusion must be practical. Good intentions matter most when they lead to accessible choices, respectful communication and meaningful participation.

People are more than a diagnosis. Our work recognises the whole person, their strengths, ambitions, responsibilities and individuality.

Collaboration creates stronger outcomes. We work with communities, voluntary groups, businesses, specialists and people with lived experience.

Dignity, honesty and accountability guide how we communicate, partner and grow.

OUR BOUNDARY

Moore Than Arthritis provides general awareness and inclusion resources. We do not provide medical advice or act as a medical referral service.
